

# NIH Program Officer / Commercialization Expert Consult

NIH SEED is piloting a program providing REACH 2019-funded innovators the opportunity to discuss technology development, follow-on NIH funding, and commercialization and regulatory questions with NIH Program Officers OR NIH SEED Innovator support team

**Who:** Currently/Previously-funded REACH 2019 innovators + NIH Program Officers OR NIH SEED Innovator Support Team - regulatory experts or entrepreneurs in residence

**What:** Virtual meetings where innovators and NIH representatives discuss innovator-chosen topics relevant to their project, product development and/or commercialization process

**When:** Ad Hoc based on availability starting February 1, 2021

**How:** Innovators fill out the [request form](#) to schedule a meeting indicating who they would like to meet with, information on their projects, and desired topic(s) for discussion. NIH SEED Academic Innovation team will facilitate the meetings based on availability.
